There is no doubt in my mind that Rita is there with you all celebrating the class of '72. She was proud of her Wisconsin roots and spoke fondly of her high school classmates. Rita passed on to the other side on 10/8/12, but her vibrant spirit and generous essence live on. She showed up for all people in her life; she was there if a friend was in need, she was a present, patient, fun, and wise mother to her children, and she was a loving, loyal wife. Life and its many layers excited Rita. She soaked it up and lived fully. Her zest for life and inherent kindness can serve as inspiration for all of us. Her love shimmers in the sun, trees, oceans, and in the hearts of each and every one of us now. If she had one request for the reunion, it would be that you all have FUN and DANCE! A couple favorite tunes included "Reach out in the Darkness", by Friend and Lover, and "I can See Clearly", by Jimmy Cliff.

November 5, 1954 – July 30, 2013

Gary was a true nature lover and enjoyed the outdoors. He was involved in boy scouting with our son, Joe, and was an avid softball spectator of our daughter, Erin.

Gary loved boating and canoeing, fishing, hiking, camping, and traveling (especially road trips in his jeep wrangler). Mostly, though, Gary loved his family and loved to spend time with his grandkids. We all miss him very much!

Memories of Tom Kohl

Tom Kohl lived a life of challenges. At an early age (about twelve) he was diagnosed with a neurological disorder, likely epilepsy. He was a brilliant individual who did not always find standard education rewarding. He cherished the friendship of his friends from Columbus. He attended the Marshfield/Wood County UW Center prior to going to the UW Madison.

Unfortunately, both of Tom's parents passed away while he was still young and he lost the anchor of a home base. He drifted from Madison to Oregon and then back to Madison before his own premature death.

Tom never lost his wry sense of humor and had an optimism with regard to new friends that was sometimes misplaced. He worked his way through a series of jobs, with co-workers always praising his diligence. His absence has been a loss to those who knew him.

Mike Kohl, his brother.
